# PHILOSOPHY OF

## PT NUSAVIDA KOMODITAS INDONESIA

**PT Nusavida Komoditas Indonesia** was founded on the belief that Indonesia's cocoa is more than a commodity – it is a legacy to be cherished, cultivated with value, and shared with the world.

Backed by over two decades of experience since 1999 in cocoa powder manufacturing, we combine technical expertise, consistent quality standards, and deep industry knowledge to deliver reliable cocoa solutions.

Through our first brand, Nusvara Cocoa, we proudly introduce premium Indonesian cocoa powder to the global market, bringing the authentic taste and quality of Indonesia's cocoa to the world.

The name Nusavida reflects our spirit: giving life (vida) to the treasures of the Nusantara, bridging local potential with global demand. We do not merely trade cocoa – we cultivate value, built on quality, fairness, and sustainability.
